

What are
**SENIOR
MODEL
REPRESENTATIVES?**

Senior Model Reps are students who represent our studio in exchange for a discounted senior experience photo session. It is possible for a rep to save hundreds of dollars on the cost of their own senior portraits by referring their friends and classmates to us for their senior portraits. It's a great experience!

THE GOAL:
To provide junior girls and boys with an opportunity to save money on their senior portraits and to be a student model for their school.

We are looking for fun, outgoing, and creative juniors to represent us. If you like being in front of the camera and want a nice discount on your senior portraits, then you may be our next senior model!

SO.... WHAT'S IN IT FOR YOU?

It's truly a win-win situation, we get your energetic recommendations to tell all your friends, classmates and family and your images to use in our marketing tools, and

you get...
