

SOME TIPS FROM THE EXPERTS

Girls:
Don't wear glitter!
Glitter does not photograph
like glitter and will
reflect back as white
spots wherever placed.
(This does not include
shimmery eye shadows).

Please make sure your clothing
is clean and pressed. It is best
to bring clothing on a hanger
rather than folded in a bag.
Wrinkled clothing does show
up in portraits and cannot
be edited.

Depending on your session,
your hands and feet will be in
your portraits. **Girls:** You might
want to file and paint your
nails prior to your session.
Guys: Please file and clean your
nails prior to session.

**We don't recommend trying
out a new hair or makeup style
for your photo session. Come in
a look you know best and feel
comfortable in.**

Don't use a tanning bed a
few days before your
session. There is an extra fee
to retouch sunburn.

Please come dressed head to toe so
that you will be ready for whatever
session you decide on. Think through
each outfit to make sure you have the
right shoes, colored socks,
undergarments, belts, jewelry and
so on.

*Do not choose clothing that is too
tight and avoid horizontal stripes
when possible. These items tend to
make you look wider.*

Please let us know if you have something
special in mind for your Senior Portraits!
We want your personality to show and the
more you tell us about your ideas the more
we can create images that reflect your
individual personality!

**Expression is up to you.
If your decision is not to smile,
please resolve that with your
parents PRIOR to your session.**

If you wear glasses it is best
to get an extra pair of empty
frames from your optometrist
to avoid any glass glare in
your photographs.

Crest White Strips are
great for bringing out
that extra sparkle in
your smile!

Make-Up Tips:

FACE: Using both a SPF-free
MOISTURIZER AND FOUNDATION HELPS
TO PREVENT REFLECTION AND
ENHANCE SKIN'S NATURAL GLOW. USE A
TRANSLUCENT POWDER TO SET FOR A
FINISHED LOOK.

EYES: MAKE SURE EYEBROWS ARE
WELL GROOMED. YOU CAN ENHANCE
EYELASHES WITH A BLACK,
WATERPROOF MASCARA. DARK BROWN
EYELINER IS A NATURAL ALTERNATIVE
TO HEAVY BLACK EYELINER AND
COMPLIMENTS ALL LIGHT SHIMMERY
EYE SHADOWS.

CHEEKS: A UNIVERSALLY FLATTERING
BLUSH COLOR (PETAL PINK) CAN REALLY
BRIGHTEN UP THE APPEARANCE OF
YOUR FACE.

LIPS: Think Glossy and Shiny! Lips
look best in REDS, BERRIES, AND
BROWN HUED SHADES.

BRING POWDER AND LIPSTICK FOR
TOUCHUPS IF NECESSARY!
