

Becoming a Senior is a unique and exciting experience. Your Senior Portraits celebrate one of the landmark moments of your life.....graduating from high school.

So this is the time to make the important decision concerning your Senior Portraits. You won't have a second chance to look so good. Today's student's demand that their portraits be uniquely theirs . . . And that's what Photos by Kathy Sue is all about. This is a change from years back when everybody stood in line on picture day and had the same background, the same pose, and essentially the same picture for their senior shot. At Photos by Kathy Sue, you make the decision about how you want others to see "YOU" in your Senior Portrait.

We understand this is one of the most important portraits you will have taken! Your portrait session will be more like a portfolio session. You are not limited to a few poses or positions, but instead will have a number of different poses. We spend up to three hours with you making sure that every element of your portrait meets your specific need and desires. From make-up, to scenery, to the outfit you choose to compliment your look, the decision is yours. Let me photograph you in your formal, informal, or casual looks.

We specialize in outdoor portraits at the beach, a garden or park that will express who you are and what makes you an individual. We tailor your pictures to your personality and to your props. You may bring "things" with you for your session. Some of the past "things" have been pets, sports equipment, musical instruments, cars, bikes, stuffed animals, uniforms or whatever your preference might be.

At Photos by Kathy Sue, we want to make sure everything from your hair to where the sun is positioned in the sky is perfect. We'll take you to the park or to the beach or wherever you think best shows, who you are. We care about making you look your best and we back it up!
