

Guest Books with the Feel of Custom Wedding Photo Albums

This modern yet simple guest book is a great way for you to show off your engagement photos while collecting notes from all your arriving guests. These Guest Books are shipped in a black box for presentation and safe-keeping. *****Please Note: Due to some inferior pens we've sent out recently, we are no longer including two archival-grade black markers with these books. We recommend you use a fine-tip, acid-free markers that dry fast.***

The book uses a heavy wire binder and comes with a black slip-on cover and a heavy duty black storage box. No longer are guest books something that's stored away. These guest books take on the feeling of a personalized wedding photo album that you will be glad to share with your family and friends. This allows you the ability to enhance the traditional guest book - a unique way of displaying the memories of your special day for years to come.
