A close-up, slightly blurred photograph of a bride's hands holding a large, vibrant bouquet of flowers. The bouquet includes white daisies, purple chrysanthemums, pink flowers, and greenery. The bride is wearing a white lace wedding dress and has blonde hair. The background is dark and out of focus.

Welcome

Hello and thank you for your interest!

Congratulations on your engagement and upcoming wedding!

I have put together this price and information guide to help give you a full understanding of my experience, and everything you might want to know before hiring a wedding photographer. Your wedding day is going to be one of the most important days of your life, so making sure you have a photographer that understands your vision and can make that come to life is so important!

Tell me a little about you! I'd love to hear your love story, and a little about your wedding vision!

I am very easy to get in contact with! I email, text and talk on the phone-almost any time of the day- and I am quick to respond! I know how important it is to be able to get in touch with your wedding vendors when you have a question or idea!

So, please let me know if you have any questions- or if you would like to plan a sit down or phone meeting!
Thanks and I look forward to hearing from you!

About me

Hello! I am Jessica, Owner of Jessica Marie Photography. I like to share a little bit of information about myself as a photographer, so that you have the full idea of who I am and what knowledge I have- to assist you in making the decision on if we are a right fit for each other! Photographer/Client chemistry is important, and it definitely produces the best images when we are all on the same page!

I do have a degree in wedding and portrait photography. So, I do know the technical stuff behind photography and how to work my camera like a true professional!

I have been in this business for over 14 years now, so I have a great wedding day flow, with a lot of wedding day experience under my belt! (About 220+ weddings so far!)

I am very hands on when it comes to my clients. I like to build a relationship with you in the months leading to your wedding so you all feel comfortable with me on your wedding day, and that again, always produces the best images! So, that includes lots of communication, meetings, venue walk through and so on! I also like input as to what images you like and what type of stuff you don't want. All and all- I want you to love your photos forever, so I am very open to ideas and brainstorming together! I am an artist, so I don't like to duplicate other images exactly- I like to bring my personality and your personality into an image so it's unique to you.

I am a photographer, but also a Mother to 2 sweet, spirited boys: Conner and Alex, and a Wife to my high school sweetheart, Chris. We have been together 20 years and married 15! They are my world and a great support system for my business! (And also a constant subject in front of my camera! haha)

I look forward to getting to know you!

Expectations

MY WORK STYLE

I consider my work style very classic but fun. I definitely try to capture images in a way that will live on in timeless beauty. I try to stay away from trends when it comes to editing. I like beautiful color and timeless emotion to come through. I don't want you to look at your images in 10 years and feel they are dated.

FREE ENGAGEMENT SESSION

I do offer the engagement sessions free with all my packages. I do this because that gives us a chance to work with each other before your wedding. You get to see how I shoot, how we interact, and a final product so you know for sure that you will be happy with the wedding day images.

WEDDING DAY TIMELINE

I do like to meet with all my couples again around 30-60 days before the wedding day, at their venue. I like to do this so we can get on the same page with your vision, and do a walk through of the property to choose and discuss photo locations for the day of the wedding. While we do the walk through, we create a wedding day photo timeline that is very detailed, so on the day of the wedding you know that I am going to capture everything that is most important to you so you can enjoy your special day to the fullest!

PAYMENT TERMS

I do require a \$500 non-refundable retainer to hold your date. That retainer comes off the package amount, and that remaining amount is split into 2 payments to help break up your package price leading up to your wedding.

The second installment is due 90 days before the wedding and the final installment is due 30 days before the wedding. So the day of the wedding, you don't have to worry about payment, you are all set.

WEDDING DAY PORTRAITS

When we do the wedding day timeline, we discuss everything that will be captured on your wedding day. There are several things that I get at every wedding: Like photos of your flowers/details, Photos of the Bride and groom separate and together, the wedding party, family and so much more. We will discuss when all that will take place and we can talk about portraits you might want done that are more unique to your wedding to ensure those moments are captured.
