SENIOR MAGAZINE

www.focalpointphotos.net

CLASS OF 2026

hello

I am **Jamie Smith**, owner of focal point photography. I am a senior portrait photographer working in the Camano, Stanwood, Arlington and Mount Vernon areas.

My desire is that your senior has FUN, laughs, feels relaxed and is comfortable during their session. I pride myself on learning what is important to your senior and building a session around them.

I offer **4** different senior collections as well as ala carte pricing. I know we all have a budget and my goal is to help you stick to yours.

I am here to make things as easy as possible. I love to talk locations, what to wear and share all my tips and tricks to help you feel prepared.

Looking forward to working with you,

Jamie

WELCOME

WHAT TO EXPECT

Before

Senior season is BUSY. Don't wait to begin the process. Decide on the session you want, head to my website and get that booked ASAP. Once I receive your payment, a contract will be sent for you to sign. After that is returned, we will choose a date and begin planning.

During

We will shoot a variety of poses and backgrounds. I am happy to accommodate your posing ideas and props. I welcome friends and family to jump in a few images. Why not get an updated family image at the same time? It is genius.

After

Once your session is over, I transfer your images onto my computer with double backup and begin editing. Your online gallery with fully edited proofs will be emailed to you within 2 weeks along with ordering instructions. Yearbook submission begins in September so please watch for details.

COLLECTIONS
